

# nick nielson

I've been working in the design industry doing both web and print for seven years. In that time I've been involved in a variety of design projects, including corporate branding, website redesigns, PPC ads, social media images, magazine ads, pop-up banners, vehicle wraps, and many more. I'm unique in my ability to create clean, attractive designs, as well as develop designs into fully-functioning websites. I work well alone or with a team and am known for my speed and quality of work. I love learning new skills, both professionally and personally, and will wear multiple hats when called upon to implement those skills for the use of my employer.

## High School Diploma

Delta High School  
2002  
3.8 GPA  
High Honor Roll

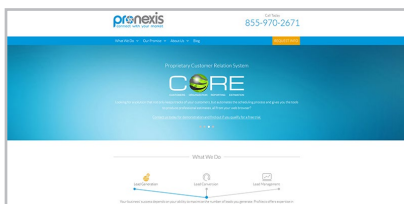

## Associate of Arts Degree

General Studies  
Snow College  
2006  
3.75 GPA  
Dean's List

I can confidently give Nick my strongest recommendations. He was a great asset to the team and I enjoyed my personal association with him.

- Tyler Woodhouse *Former VP of Marketing, Five Star Franchising*

His turn around on projects is amazing, super fast and great work!

- Anonymous Coworker *Five Star Franchising*

## A few of my larger projects:

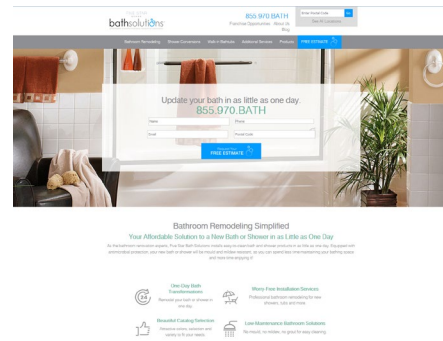

### FiveStarPainting.com Redesign

Upon being hired at Five Star, I was tasked with redesigning the Five Star Painting website - the primary lead source for the company's biggest franchise. Needless to say, there was a lot riding on getting this right.

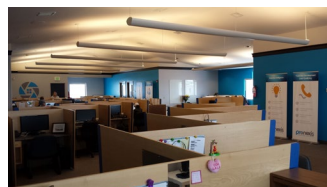

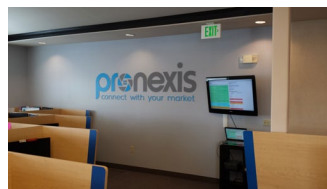

### BathSolutions.ca Redesign

Originally a Canadian company, Bath Solutions was purchased by Five Star and in desperate need of rebranding. Though the name hardly changed, everything about the look and feel of the company did.

### ProNexis Brand

In 2015 the client support wing of Five Star Franchising broke off to form its own company, ProNexis. It was my opportunity to create the brand identity based off of a previously created logo. Not only did I create the ProNexis website, I was also instrumental in branding the office by choosing the color scheme, painting, installing logos and graphics on walls, and branding our on-site call center.
